2026-10-18 — אל אדון: The Silent Angels, the Hefsek Debate, and Dancing on Shabbos

Content-based review · checked against the PRIMARY Sofer.ai transcript (no timestamps, so passages are cited by quoted phrase, shown as [“…”]) · the Plaud transcript and summary were used only as secondary checks · reviewer also read the current English write-up and the last Sefaria log entries · 18 October 2026 · 7 Cheshvan 5787 · reviewed on the first complete draft, before the corrections listed in Section 5 were applied

1.The Shiur in One Paragraph

A short, early-starting shiur (the Rav had to speak at 10:30 at the home of Rav Alex Edelman) that moves from the end of last week's נשמת into the first berachah before Shema, יוצר אור. After the dedication (the Feffer and Singer families) and a few loose ends from last week (the Rokeach on antiquity; Shimon Kefa; the "thank you, priest, for your sermon" joke; Rav Chaim Vital on נשמת as a substitute for tefillin on Shabbos), he contrasts the weekday אל ברוך גדול דעה, one word per letter, with the twenty-two-line אל אדון על כל המעשים (and the unison-versus-alternating singing custom, with the women joke). The long answer to "why is Shabbos longer" is תוספות סנהדרין ל"ז: six wings, one song each weekday, none left for Shabbos, so Klal Yisrael sings. Hence הכל יודוך: the angels, created on Monday, had a wing in reserve on the first Shabbos. Then the machloket: Rav Saadia Gaon and the Rambam say no additions; the Tur (Toledo) and Rabbeinu Yehuda ben Barzilai (ספר העתים, "a hefsek, a chutzpah") object; Rashi in ספר הפרדס says the Anshei Knesses HaGedolah enacted them. The nafka minah is the Or Zarua read by the Magen Avraham: make up the piyutim after Shemoneh Esrei, "and nobody does." From לאל אשר שבת he moves to ending an aliyah on a דבר טוב (the Maor VaShemesh's לאשמה בה custom; תחש/מעכה in the Imrei Noam), to the Zohar's picture of the angels receiving their missions and dancing on the first Shabbos with Adam HaRishon, to the Misnagdim/Chassidim fight over

dancing and the Noda BiYehuda's grandson at the Talner Rebbe's tish, and finally to Rav Moshe Wolfson's niggun for הכל יודוך and the Rokeach.

2.Overall Fidelity — What the Write-Up Does Well

- **The Sofer.ai text is followed over the Plaud wherever they differ.** The dedicatees and sponsors (["Rav Hirsh Leib and Mrs. Feffer … Rav Uri and Mrs. Singer"], not the Plaud's "Reb Barry B." and "Reb Baruch"), the Rokeach (not the Plaud summary's "Sefer HaEshkol"), the Imrei Noam's author as the Rav said it (not the summary's "Rav Yehoshua Horowitz"), and the unnamed sefer of the Noda BiYehuda's grandson (not the summary's "Yad HaMelekh") all follow the Sofer. The Plaud summary's diagrams, mind map, and bold "Strict View / Accepted Minhag" scheme are correctly not carried over.
- **The architecture is faithful and proportioned.** The ten sections follow the live order of the shiur: dedication and last week; the weekday/Shabbos piyut and the singing custom; the six wings; הכל יודוך and the creation of the angels; the Saadia/Rambam/Tur/Rishon/Rashi machloket; the Or Zarua and Magen Avraham; ending on a דבר טוב; the Zohar; dancing; Rav Wolfson and the Rokeach.
- **The Rav's stance and hedges survive.** "I don't know what this means" (the wings); "I don't know the makor" (הכל יודוך); "I'm not sure exactly, I don't understand the Zohar HaKadosh"; "Maybe in Morocco they did, I don't know"; "I never knew this halachah"; the hedged "I don't think there is a halachic issue." The quips (the women, the thirteen seconds, the AK-47 omitted, the Skverer Rebbe, "invite some Rebbes") are kept at the right level.
- **The corrections to the Rav's citations are reported without being put in his mouth.** The wings verse (Yeshayahu 6:2, not Yechezkel), the day the angels were created (the Midrash's fifth day, not the fourth), the Berachos amud (4b), the Megillah derivation (Esther 1:14, not eunuchs),

the narrowing of the Tur to לאל אשר שבת, and the narrower Mishnah Berurah are all in the notes, with the Rav's wording left in the body.

- **The apparatus separates what was verified from what is the Rav's report.** Notes 3, 5, 6, 8, 9, 13, 15, 16, 18, 19, 22 each record a Sefaria result; notes 2, 7, 10, 11, 14, 17, 20, 21, 23, 24, 25 say plainly that the item was not located.
- **The header date is right.** 18 October 2026 is 7 Cheshvan 5787 (a week after 30 Tishrei/Rosh Chodesh, 11 October).

3.Content Flags — What Was Wrong, Mis-Attributed, Omitted, or Added in the First Draft

Everything below was tested against the Sofer text. All of it is applied in Section 5's list.

Flag 1 — The abstract overstated who calls the piyutim a hefsek. The first draft said Rav Saadia Gaon, the Rambam, the Tur and Rabbeinu Yehuda ben Barzilai "call them a hefsek." The Sofer text has only the last of these using that argument: [“Rabbeinu Yehuda the son of Barzilai … it's a mistake to say it! It's an hefsek”]. Rav Saadia Gaon and the Rambam simply do not include the additions ([“They said the regular nusach of chol”]), and the Tur reports Toledo's omission. Applied: the abstract (English and Hebrew) now says "do not say them" for the first three.

Flag 2 — The "A participant asks about שפתי תפתח " attribution was wrong. In the Sofer the Rav himself asks the room: [“Do you have a general understanding that things that you put in that are like ם שפתי תפתח, they don't become an hefsek, because it's really part of the same ideas? Only the Gemara can say that, not me and you.”] The first draft turned this into a participant's question. Applied.

Flag 3 — The hosafot exchange had the wrong speaker. The first draft had "the Sefardim, a participant says, also make hosafot." The Sofer has the Rav

asking [“Sefardim, Sefardim also make hosafot? Okay, some places, in the real כנזישע שול”]. Applied: it is now the Rav's question and the ס' ממש קיין הוספות, Rav's statement about Ashkenazi shuls.

Flag 4 — "In other parts of davening" was an invented gloss. The first draft had the Rav say "thank God we don't say them in other parts of davening." The Sofer reads [“and thank God we don't say them because otherwise davening would take much longer”] with no stated location. Applied.

Tension A — "Klal Yisrael" on the first Shabbos. The Rav says [“That very first כלל ישראל, said shirah with the מלאכים,” which is an anachronism on its face (Klal Yisrael did not yet exist), and the Zohar passage later in the shiur has Adam HaRishon joining. The Plaud summary quietly changes it to "humanity." The write-up keeps the Rav's wording but did not mark the tension. Applied: a parenthetical pointer to Section VIII.

Omission B — The practical halachah in the Mishnah Berurah. The Rav says the Magen Avraham requires making up all the piyutim and that "the Acharonim are maskim." The note (15) shows that the Rema and Mishnah Berurah (281:3) limit the make-up obligation to מי שאל אשר שבת, and that the Chayei Adam rules against skipping the piyut to daven with the tzibbur; but the body gave no pointer, so a reader of the body alone would take the Rav's statement as the practical halachah. Applied: a pointer in the body (Section VI), with the substance left in note 15.

Smaller points. (a) "YILC" and "KAJ" are unexplained abbreviations (as spoken); applied: marked as not explained on the recording. (b) The Rav's "Kel Odon" is the Ashkenazi pronunciation of אל אדון; applied: said once in Section II. (c) The Rav's AK-47 line to a named congregant and the name of the congregant in the war joke are omitted ("a particular congregant"); that is deliberate. (d) The Rav's list of days for the angels' creation in Section VIII ("the first day, before the first day, Monday ... the fourth day") is preserved as he said it and cross-referenced to note 5. (e) "Rav Naftali Yosef Ezra, a.k.a. Michael Zuckerman" and the jokes about Jewish names are kept.

4.Sofer vs. Plaud (Resolved), Remaining Garbles, and the Mareh Mekomos

Sofer-vs-Plaud differences that are resolved (the HTML already follows the Sofer in every row marked "yes"):

Item	Plaud	Sofer.ai	HTML
Sponsors	"Reb Barry Boy", "Reb Baruch and Mrs. Singer"	"Shkoach Rav Ari"; רב הירש לייב and Mrs. Feffer; רב אורי and Mrs. Singer	**yes (names flagged for the Rav)**
Source of "predates Rebbi"	"Sefer Eikech" / summary "Sefer HaEshkol"	ספר רוקח	**yes**
Wings verse	summary: Isaiah 6:2 / Ezekiel 1:6	"in the pasuk in יחזקאל, שש כנפים לאחד"	**yes (the Rav's wording; corrected in note 3)**
Creation of angels	summary: "second or fourth day, or prior to creation"	"some say second, some fourth, some before the world"	**yes (note 5: Midrash has the fifth)**
First Shabbos	summary: "humanity"	כלל ישראל	**yes (see Tension A)**
Toledo and the Tur	summary: Tur, "Minhag of	"in Toledo we never said קל אדון, never	**yes (note 9 narrows)**

	Toledo/Sefarad"	said לא-ל אשר שבת"	
Magen Avraham / Or Zarua	summary: "bedi'avad valid; make up after the tefillah"	"you do have to go back and say it"	**yes (note 15)**
Maor VaShemesh custom	summary: "Ohev Yisrael also discusses; Spinka Rebbe observed 17 October 2026"	"he brings it from the Apter Rav"; the Spinker Rebbe "was here on Shabbos, I forgot to ask him, in Spinka I think they do it"	**yes (the summary's date and "observed" are not in the Sofer)**
Imrei Noam	summary: "Rav Yehoshua Horowitz"	"the holy Jikover, a son of the Ropshitzer Rav"	**yes (note 18)**
Noda BiYehuda's grandson	summary: "Yad HaMelekh"	"his הקדמה to his sefer" (no title)	**yes (note 23)**
Wolfson	summary: "Emunas Yisrael"	Rav Moshe Wolfson of Emunas Yisrael, in Miami	**yes (no honorific this week)**

Garbles the Sofer does not resolve (the write-up stays hedged). (1) The אמ' אדון Yom Tov exchange (["We even say אמ' אדון Yom Tov. Really? Which you don't say. We don't say אמ' אדון Yom Tov"]). (2) The שיר המעלות aside and the Shaarei Zevulun. (3) The place called "Mavakshi." (4) The participant's remark about the Name at the end of (5). The אשמה בה

identity of Rav Elazar Halevi Landa's sefer and town. (6) The closing KAJ/אין צריך לך exchange. (7) The Rav's unresolved "uvdin d'chol" objection to the Zohar.

Is the apparatus honest? Yes. The notes separate "the Rav said" from "the editor identified"; they say when the Sefaria check failed (notes 2, 7, 10, 11, 14, 17, 20, 21, 23, 24, 25); they correct the Rav's wrong loci without altering his words (notes 3, 5, 6, 19); and they refuse to launder weaker claims (Tur names only לא אשר שבת; the Tosafos speaks of חיות; the Mishnah Berurah is narrower than the Magen Avraham as the Rav reports it). The Sefaria log entry for this date matches the HTML on every item compared.

5.Recommended Corrections for the Sefer Edition

All applied to the shiur HTML (English and Hebrew) after this review; locators are phrases from the Sofer.ai transcript. Items still open for the Sefer Edition rewrite are marked.

1. **Abstract:** say that Rav Saadia Gaon, the Rambam and the Tur do not say the additions and that only Rabbeinu Yehuda ben Barzilai calls them a hefsek (applied).
2. **Section V:** make the ה' שפתי תפתח question the Rav's own rhetorical question to the room (applied); remove "in other parts of davening" (applied); add a pointer to note 9 for the Tur's narrower text (applied).
3. **Section VII:** attribute the Sefardi *hosafot* question to the Rav (applied).
4. **Section IV:** add the pointer that "Klal Yisrael" is the Rav's phrase and that Section VIII has Adam HaRishon joining (applied); note the Midrash's fifth day beside the Rav's "fourth" (applied).
5. **Section III:** bracket the Yeshayahu 6:2 pointer after the Rav's "Yechezkel" (applied).
6. **Section VI:** add the pointer to note 15 on the Mishnah Berurah and

the Chayei Adam (applied).

7. **Section II:** gloss "Kel Odon" once (applied). Sections IV and X: mark "YILC" and "KAJ" as unexplained (applied).
8. **Sefer Edition (open):** in the rewrite, present the Zohar picture and the Talner Rebbe's tish as the Rav's reports and drop the roster of participants' names.
9. **Keep the existing honest flags unchanged** (notes 3, 5, 9, 15, 17, 18, 21, 23).

6.Follow-up Questions Worth Asking the Rav, and Bottom Line

Q1.Which Rashi in Bereishis does the Rav have in mind for the angels' creation on Monday? And was it the fourth or the fifth day for R. Chanina?

Q2.Where is the Magen Avraham that quotes the Or Zarua (siman and se'if katan)? Does the Rav intend the make-up obligation for שמע אדון so, given the Mishnah Berurah (281:3) limits it to לא אשר שבת?

Q3.What was the aside about שיך המעלות and the exchange about שמע אדון on Yom Tov?

Q4.Which Tosafos wording gives "I want to hear my children say shirah"? The Tosafos located says שחיות say something before Hamakom; is the Rav relying on a fuller text?

Q5.Who is Rav Elazar Halevi Landa (title of his sefer, his town), and which Talner Rebbe? And is the Imrei Noam's author the Dzikover or his father?

Q6.Please confirm the dedication names (Hirsh Leib and Mrs. Feffer; Uri and Mrs. Singer; the mother Rivka bas Baruch Tzvi HaLevi; the father Shlomo ben Tzvi) and the place called "Mavakshi."

Against the Sofer.ai transcript, the write-up is a faithful and carefully hedged account of a short shiur that carries a lot of material. The first

> *draft's content errors were few and local: the abstract's overstatement about who calls the piyutim a hefsek, two mis-assigned speakers (the שפתי תפתח' question and the hosafot remark), one invented gloss, and a missing pointer to the narrower Mishnah Berurah. All are fixed. What stays open is research, not transcription: the Magen Avraham/Or Zarua text, the Tosafos' fuller wording, the Zohar locus, the Imrei Noam's author, and the grandson's sefer.*

Produced by a content-based review pass — checked against the primary Sofer.ai transcript, with the Plaud transcript and summary as secondary sources, the current English write-up, and the Sefaria log entries. Complement to the Independent Editorial Review.
